**Best  
Value!**

**SUBMIT YOUR REQUEST HERE!**

# K – 2nd Grade

Tree Level – \$80

Includes 1 Activity with:

- Activity Pages with instructions, suggested vocabulary, driving questions, and more
- Pre-activity video
- Post-activity video

## Available Activities: Choose 1

**Plant a Seed** – Learners discover what a seed needs to survive, then search for and find their own seed, determine the best place for their seed to grow, and finally plant it!

**Seed Investigation** – Through this in-depth investigation, learners compare different types of seeds, learn the function of each part a seed, and discover why seeds are a vital part of our world.

**Read & GROW** – Through story-time with movement and music, learners discover a plant's basic needs and how they depend on the living and nonliving things around them for survival.

**Create Your Own Herbarium Specimen** – Learners will virtually explore the BRIT's herbarium of over 1.5 million plant specimens to reveal its history and value in today's world. They will discover a new plant species and press and mount their own specimen.

**Living Roof** – Learners get exclusive access to video footage of GROW Girl and Carlos the Cactus up on BRIT's Living Roof! While building their own Living Roof model, learners will determine what a plant needs to survive up on the roof.

**Flower Dissection** – Learners will discover and compare different types of flowers and collect their favorite flower to dissect. They will learn the function of each part of a flower.
